

RELIABLE POWER SOLUTIONS

Greentech Power Solutions, your trusted partner for complete electrical solutions.

About us

At Greentech Power Solutions we take pride in being a leading provider of cutting-edge electrical solutions tailored to meet the diverse needs of our clients. With a commitment to excellence and a passion for innovation, we have established ourselves as a reliable partner in the ever-evolving field of electrical services.

We partner with reputable manufacturers and suppliers to ensure that we only use the finest components and equipment in our projects. We believe in delivering solutions that are not only efficient but also durable and sustainable.

With a team of highly qualified professionals, we offer a wide range of services tailored to meet the unique requirements of our clients. Whether you require power, installation, testing, commissioning, maintenance or upgrades, we have the expertise and experience to deliver top-notch solutions that exceed your expectations.

Why choose us

Quality

We take pride in being your reliable partner for supplying top-notch products that meet the highest standards of quality and excellence.

Cost Effective

We believe in providing value for your money. Our competitive pricing ensures that you get quality products without breaking the bank.

Timely Delivery

We prioritize timely completion without compromising quality, aiming for minimal disruption to your operations and swift functionality of electrical systems.

Beside HDFC Bank Lane Visakhapatnam - 530022.

OIL-FILLED TRANSFORMERS

We offer a wide range of transformers, tailored to different voltage levels with mineral and ester oil as per IS1180 Standards & 5-star rated.

- Rating from 16kva to 5mva
- Voltage Upto 33kv
- OLTC and OCTC
- Indoor and Outdoor applications

DRY-TYPE TRANSFORMERS

We offer a wide range of transformers, tailored to different voltage levels with CRT and VPI technology as per ECBC Norms.

- Rating from 100kva to 2500kva
- Voltage upto 33kv
- OLTC and OCTC
- Indoor and Outdoor applications

HERMETIC-SEALED TRANSFORMERS

Hermetic Sealed Transformers are sealed and Maintenance Oil Transformers supplied with mineral and ester oil as per IS1180 Standards.

- Rating from 16kva to 5mva
- Voltage Upto 33kv
- OLTC and OCTC
- Indoor and Outdoor applications

UNITISED SUBSTATION

Unitised or Compact Substation is a power distribution unit integrated with HT Breaker + Transformer + LT breaker into a single container.

- Oil or Dry Type Transformer
- Voltage upto 33kv
- Rating from 100kva to 2500kva
- Indoor and Outdoor applications

SPECIAL TRANSFORMERS

We offer a wide range of special transformers tailored to different voltage levels catering to different applications.

- Lighting Transformer
- Earthing Transformers
- Isolation Transformers
- CTs and PTs

VCB PANEL

Hermetic Sealed Transformers are sealed and Maintenance Oil Transformers are supplied with mineral and ester oil as per IS1180 Standards.

- Rating from 16kva to 5mva
- Voltage Upto 33kv
- OLTC and OCTC
- Indoor and Outdoor applications

RMU PANEL

RMU or SF6 are Gas Insulated breakers that come with compact and reliable designs comes with a combination of LBS and VCB.

- Rating from upto 2500amps
- Voltage upto 33kv
- Indoor and Outdoor applications
- Manual and Motor operated

OUTDOOR PCVCB

PCVCB are structured mounted breakers used in outdoor applications in substations suited for overhead lines.

- Rating from upto 2500amps
- Voltage upto 33kv
- Outdoor applications
- CT structure, C&R Panel (Optional)

LBS PANEL

LBS Panel comes with compact and reliable design used for transformer protection operated with spring charged mechanism.

- Voltage Upto 33kv
- Indoor and Outdoor applications
- Protection with HRC Fuses
- Interlocked with Earth switch

HT METERING CUBICLE PANELS

It is used to house high voltage electrical components and meters used to measure the consumption of electricity in high power applications.

- Consists of CTs and PTs inbuilt
- Trivector meter (optional)
- Tamper proof

LT PANEL

We take pride in being a leading supplier of high-quality LT Panels, IEC Panels and CPRI Approved Panels for a wide range of applications.

- MCC Panels
- PCC Panels
- AMF Panels
- APFC Panels

SILENT GENERATORS

We offer a wide selection of generators from renowned brands which are built to deliver superior performance, reliability, and fuel efficiency.

- Rating from 5kva to 2500kva
- Diesel Generators
- Gas Generators
- 11kv Generators

CABLES & WIRES

We supply all kinds of Copper or Aluminium cables, electrical cables, Armour cables, Wires, control cables, Fire and Solar cables.

- HT Cables upto 33kv
- LT Cables
- Flexible cables
- Wires FR and FRLS

CABLE ACCESSORIES

We offer a diverse range of HT and LT cable jointing kits catering to diverse applications and voltage levels. Our product line includes.

- Heat and Cold Shrinkable End termination kits
- Heat and Cold Shrinkable Straight thru Kits
- Cable glands and lugs
- Cable Sleeves

CABLE TRAYS

We offer a wide variety of cable trays to cater to diverse applications. We have the right cable tray solution to suit your requirements.

- Perforated Cable Trays
- Ladder Type Cable Trays
- FRP Cable Trays
- Wire Mesh Cable Trays

VOLTAGE STABILIZER

We offer a diverse range of products to cater to various power requirements which regulate and stabilize the voltage supply to protect electrical equipment from voltage fluctuations.

- Air Servo Cooled Stabilizers
- Oil Servo Cooled Stabilizer
- Static Stabilizer

ONLINE UPS

We offer the high-quality products and aim to meet the power backup needs of businesses, industries, data centers, and individuals alike.

- Single Phase Online UPS
- Three Phase Online UPS
- Offline UPS
- Industrial Inverters

INDUSTRIAL BATTERIES

We offer an extensive selection of SMF batteries and industrial batteries to cater to diverse power storage requirements.

- SMF Batteries
- Tubular Batteries
- 2V Industrial batteries
- Lithium batteries

BATTERY CHARGERS

We offer Industrial battery chargers from the best brands which are used for charging large battery banks and provide DC output to the load.

- Float Cum Boost Charger
- IGBT based chargers
- SCR based chargers
- SMPS battery chargers

FREQUENCY CONVERTER

Static Frequency Converter which converts the incoming AC power from one frequency to another without changing the voltage level.

- Rating from 5kva to 500kva
- Highly Customizable
- Compact design
- IGBT Technology

HVLS FANS

These fans are commonly used in large, open spaces such as warehouses, factories, Industrial facilities Our product range.

- 24ft / 20ft / 18ft / 16ft/ 12ft
- Energy Savings
- Zero maintenance
- Low Noise

LED LIGHTING

From indoor to outdoor lighting, we offer solutions for residential, commercial, and industrial applications.

- Streetlights and Flood Lights
- LED Down Lights
- Flame Proof Lights
- Solar LED Lights

LIGHTING POLES

We offer our lighting poles from reputable manufacturers who adhere to stringent quality standards.

- Street Light Poles
- Decorative Light Poles
- High Mast Poles
- FRP Poles

JUNCTION BOXES

We offer wide range junction boxes while protecting them from environmental factors such as dust, moisture, and corrosion.

- FRP Junction Boxes
- Hinge Transparent Boxes
- Feeder Pillar Boxes
- Metering Boxes

HRC FUSES

We offer wide range of HRC Fuses from reputable manufacturers for LBS Panel applications used in transformer protection.

- Fuse Amps from 16amps to 100amps
- Din type
- Bolt type

LIGHTING ARRESTERS

We offer the best lighting protection solutions which damage buildings, electrical equipment's.

- Air Terminal Lighting rods
- Surge Arresters
- Conductors
- SPDs

EARTHING SOLUTIONS

We offer our earthing products from reputable manufacturers for residential, commercial and industrial applications.

- Earth rods and electrodes
- Earthing chemicals and compounds
- GI and Copper Earth strip
- Earth Pit chambers

NEUTRAL GROUNDING RESISTOR PANEL

Neutral Grounding Resistor (NGR) is to limit ground fault currents to safe levels so that all the electrical equipment in a power system is protected.

- Resistors, relays, and instruments are housed in one enclosure
- Voltages 11kv and 33kv

11kv And 33kv Substations

We do installation of 11kv and 33kv substations including switchgear, control panels, protection systems, and cabling, ensuring safe and efficient power distribution.

LT Panel Installations

We specialize in LT panel installations, customizing solutions to meet your specific needs. We ensure safe and efficient LT panel systems for your facility.

Retrofitting of LT and HT Panels

We specialize in retrofitting, upgrading and enhancing the functionality of LT and HT panels.

Street Light Installations

Enhance visibility and safety with our professional streetlight installations.

Generator Installations

From positioning and fuel connections to wiring and testing, we handle every aspect to provide reliable backup power solutions.

Online UPS Installations

We handle the entire installation process, including wiring, battery integration, and system testing, providing reliable backup power for critical applications.

Cable Laying

We adhere to industry standards and guidelines, guaranteeing reliable connections for secure laying of power and control cables.

Cable Tray Laying

We specialize in cable tray laying, offering organized and efficient routing solutions for power and communication cables, minimizing interference and simplifying maintenance.

Lightning Protection Installations

Safeguard your infrastructure from lightning-related damage with our lightning protection system installations.

Testing And Commissioning

We offer comprehensive testing and commissioning services for HT panels, LT panels, and distribution transformers.

Servo Stabilizer Installations

Our professionals analyze your power requirements, recommend suitable stabilizers, and perform precise installations for optimal performance.

Earthing Installations

We design and install grounding systems, including grounding electrodes, earth pits, and grounding grids, ensuring proper fault current dissipation and electrical safety.

THANK YOU

BECAUSE, WE'RE HERE TO HELP

Maintaining standards and fostering innovation, we have come up with solutions that support the sensitive requirements of the clients and generate 100% satisfaction.
